[CLICK HERE TO REGISTER](#)

Join us for the virtual symposium '*Psychosocial, Palliative and End-of-Life Care in Africa.*' This symposium aims to:

- Bring together researchers and clinicians working to address the psychosocial, bereavement, and end-of-life needs of patients with advanced disease, and their families in Africa.
- Generate and disseminate evidence to inform clinical practice, support the development of research on end-of-life care in Africa.
- Build capacity in research and education.
